Projects

Word Wizard | *HTML, CSS, JavaScript* 🔗 [GitHub](#)

Dictionary translating tribal language to English and Bengali.

It is a dictionary to convert a tribal language to easily understood i.e. English and Bengali for easy communications between tribal people and common people like us. This initiative will decrease the gap between the tribal people and common people.

Portfolio | *HTML, CSS, JavaScript* 🔗 [GitHub](#)

This portfolio is built on HTML, CSS and Javascript. I have used Bootstrap while building this portfolio.

It showcases CSS in-depth knowledge and JS knowledge.

Experience

Software Developer Intern — SnapE Cabs

Feb 2025 - Present

Steelman Telecom

Kolkata, India
